Course content

Why Attend

Storytelling is one of the most powerful communication tools for influencing decisions, inspiring teams, strengthening brands, and driving business results. This course equips participants with practical storytelling techniques that transform complex ideas into compelling narratives, helping leaders, managers, and professionals communicate with greater clarity, authenticity, and impact across presentations, meetings, marketing, sales, and organizational change initiatives.

Course Methodology

• The course combines instructor-led presentations, storytelling workshops, individual writing exercises, group discussions, practical storytelling labs, peer coaching, case studies, presentation practice, and video feedback sessions to build participants' confidence and communication effectiveness.

Course Objectives

- Understand the strategic value of storytelling in business communication
- Structure engaging stories that influence, persuade, and inspire audiences
- Apply storytelling techniques across leadership, sales, marketing, and organizational communication
- Develop authentic business narratives aligned with organizational goals
- Deliver stories confidently using effective verbal and non-verbal communication skills
- Utilize visual storytelling techniques to strengthen audience engagement

Target Audience

- Executives and managers
- Team leaders and supervisors
- Marketing and communications professionals
- Sales and business development professionals
